REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Per Texas Workers Compensation fee guidelines reimbursement is as follows for procedure code 99455 V4 \$350.00 and procedure code 99455 WP \$300.00. You paid \$444.10. Therefore a balance of \$205.90 is due to us."

Amount in Dispute: \$205.90

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "I contacted Ms. Engelmann via e-mail to explain that reimbursement for treating doctor versus designated doctor and whether or not the correct CPT code was used. She did verify that the correct code was used and that Dr. Deetjin was the treating doctor and that the reimbursement should be \$350.00. She did not agree with the reasoning provided. TMLIRP disagrees that an additional amount is owed to the provider for the MMI portion of the exam and the provider's billing was audited and reimbursed appropriately."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all-applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. Texas Labor Code Chapter 504 sets out the rights and responsibilities related to *Workers' Compensation Insurance Coverage for Employees of Political Subdivisions*.
2. Texas Labor Code Chapter 413 sets out the rights and responsibilities related to *Medical Dispute Resolution*.
3. 28 Texas Administrative Code §133.307 sets out the requirements for medical fee dispute resolution.

Issues

1. Does the requestor have the right to file for medical fee dispute resolution?
2. Did the requestor support its request for reimbursement?

Findings

1. The respondent in this case asserts that Dr. Jack Deetjen is in the Alliance utilized by TMLIRP. The requestor is contracted with an intergovernmental risk pool (pool) named The Alliance. According to The Alliance's public webpage, *The Alliance* is the trade name for a group of five Texas intergovernmental risk pools ("Pools") that have joined together to exercise the option to directly contract with health care providers for the provision of workers' compensation medical benefits to the injured employees that are members of a political subdivision. Texas Labor Code Chapter 504 titled *Workers' Compensation Insurance Coverage for Employees of Political Subdivisions* authorizes health care providers to contract with intergovernmental risk pools, such as The Alliance. Specifically, Texas Labor Code Sec. 504.053(b) (2) states, in pertinent part:

If a political subdivision or a **pool** [emphasis added] determines that a workers' compensation health care network certified under Chapter 1305, Insurance Code, is not available or practical for the political subdivision or pool, the political subdivision or pool may provide medical benefits to its employees or to the injured employees of the members of the pool...(2) by directly contracting with health care providers or by contracting through a health benefits pool established under Chapter 172, Local Government Code.

The Division now considers whether the requestor has the right to file for medical fee dispute resolution in this case. The Division concluded above that a contract authorized under Sec. 504.053(b) (2) exists between the requestor and the respondent. For this reason, Sec. 504.053 (c) (3) applies and states, in pertinent part:

If the political subdivision or **pool** [emphasis added] provides medical benefits in the manner authorized under Subsection (b) (2), the following do not apply... (3) Chapter 413, except for Section 413.042.

That is, rights granted or provisions contained within Texas Labor Code Chapter 413 titled *Medical Dispute Resolution*, with the exception of 413.042, **do not apply** to health care providers contracted with an intergovernmental risk pool such as The Alliance. Therefore, Sec. 413.031 (c) which is the section that grants health care provider's the right to file for medical fee dispute resolution does not apply. Consequently, the administrative process outlined in 28 Texas Administrative Code §133.307 titled *MDR of Fee Disputes*, established pursuant to Texas Labor Code Sec. 413.031(c), is not available to health care providers contracted with a risk pool as authorized by Sec. 504.053(b)(2).

2. No documentation was found to support that the requestor had the right to file a medical fee dispute in this case. The Division finds that the requestor *Jack L Deetjen M.D.*, has failed to demonstrate that it has the right to medical fee dispute pursuant to Texas Labor Code Section 413.031(c) and 28 Texas Administrative Code §133.307.

Conclusion

The requestor failed to support its request for reimbursement; as a result, the amount ordered is \$0.00. The Division emphasizes that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution. Even though not all the evidence was discussed, it was considered.

ORDER

Based upon the documentation submitted by the parties, the Division has determined that the requestor does not have the right to medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307. For that reason, the amount ordered is \$0.00.
